Beauty Watch

Ellen DeGeneres

STAR OF THE WEEK

A few products—and a lot of laughter—make this CoverGirl spokeswoman glow

What are your beauty essentials?

Well, I have to have a blow-dryer. I'm not fussy but I can't do the not-washing thing. I do color. My hair is really light right now. I kind of like this artificial, not-so-natural blonde look.

What would you do if you weren't a talk show host?

I'd work with animals in some way. I would interview animals. I'd be a talk show host for animals.

Why is dancing important to you?

Dancing is freedom, it's joy. I look at my audience before the show starts, they haven't been drinking, the lights are on, and somehow they just let loose and have fun.

Who makes you laugh?

Portia [de Rossi]. She's hilarious. I laugh every single day.

"My life is exactly as I want it to be. I get to do what I love," says Ellen.

"Dr. Lancer's cleanser, polish and repair are all I need," says Ellen.
